

5, 7 Code
Constraint Length 2

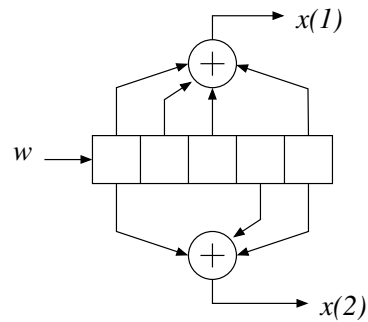

3, 4 Code
Constraint Length 2

3, 6 Code
Constraint Length 2

15, 17 Code
Constraint Length 3

23, 35 Code
Constraint Length 4

Convolutional codes for Optional Project 5. The MATLAB code vitbsc.m implements the 5, 7 Code. You will implement the other four codes and compare the performance of all five.
